

# Tollco Sink liner Universal

- **Detect water leakage in time.**
- **Prevents water damage in sink cabinets.**

**Prevents  
water damage.  
Collects and  
diverts.**

Tollco Sink liner prevents water damage. New and improved design for a faster and easier installation. The insert is placed directly in the bottom of the cabinet when you are renovating the kitchen or building a new one.

Available in several sizes that can be adapted to different widths and depths in both new and existing cabinets. Provides a dense and smooth cabinet base that is easy to keep clean.

If used in cabinets with water pipes and pipe penetrations, create a dense surface layer with the supplementary Tollco Sealing Kit or Sealing Tape Kit and Bushings for Dishwasher Hoses.

The panel is silver-grey and made of impact-resistant polypropylene plastic. The product is accepted in Byggvarubedömningen and is of course approved by Säker Vatten.

### Meets the requirements

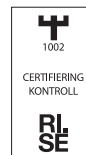

Tollco mats for the Standard and Pro series meet the requirements in Chapter 8, Section 4-3 of the Swedish Planning and Building Act in the respects and under the conditions specified in Type Approval 0505/01 and are therefore approved in accordance with the provisions in the following sections of the Swedish National Board of Housing, Building and Planning's construction rules: BBR: Hidden areas in rooms or building components 6:5334.
